

PIG® Oil-Only Absorbent Booms

BOM400 20cm x 3m, Absorbs up to 90.8 L per bag, 2 booms

Control oil spills on land or water with the field-proven performance of PIG Booms.

- Field-proven performance works in all conditions to absorb oil spills on land or water
- Floats to confine and soak up spills on water; hugs ground for land-based spills
- Tough outer mesh is UV resistant for long-term outdoor use without degradation; lets fluids easily pass through to filler material
- Rope running along length of boom adds strength for deployment and retrieval
- Spunbond polypropylene skin is UV resistant up to 12 months; meets ANSI and MIL spec standards for static decay
- Booms float at surface for easy retrieval, even when saturated
- Absorbs and retains oils and oil-based liquids - including lubricants and fuels - without taking in a drop of water
- Strong, zinc-plated carbon steel attachment clips and rings allow you to link booms together for greater length
- Bright white colour makes booms easier to see in outdoor environments and clearly shows saturation level
- Can be incinerated after use to reduce waste or for fuels blending

Specifications

Colour	White
Dimensions	ext. dia. 20cm x 3m L
Fluids Absorbed	Oil-Based Liquids But Not Water
Recycled Content	98% Pre-Consumer Recycled Polypropylene Filler
Absorbency	Up to 90.8 L per bag
Sold as	2 booms per bag
Weight	12.7 kg
# per Pallet	14
Composition	Polypropylene Sleeve & Filler;

Technical Information

Certifications, Approvals and Ratings

ANSI/ESD STM11.11, MIL-STD-3010C
