

PIG® Oil-Only Absorbent Booms

BOM410 8cm x 3m, Absorbs up to 60 L per bag, 8 booms

Dark colour blends in with its surroundings for inconspicuous cleanup. Versatile, large-diameter booms clean up oil on land or water.

- Dark colour makes booms less noticeable when deployed on land or water
- Floats to confine and soak up spills on water; hugs ground for land-based spills
- Spunbond polypropylene skin is UV resistant up to 4 months
- Tough outer mesh is UV resistant for long-term outdoor use without degradation; lets fluids easily pass through to filler material
- Rope running along length of boom withstands up to 182kg loads, adding strength for deployment and retrieval
- Booms float at surface for easy retrieval, even when saturated
- Absorbs and retains oils and oil-based liquids - including lubricants and fuels - without taking in a drop of water
- Strong, zinc-plated carbon steel attachment clips and rings allow you to link booms together for greater length
- Can be incinerated after use to reduce waste or for fuels blending

Specifications

Colour	Black/White
Dimensions	ext. dia. 8cm x 3m L
Fluids Absorbed	Oil-Based Liquids But Not Water
Recycled Content	98% Pre-Consumer Recycled Polypropylene Filler
Absorbency	Up to 60 L per bag
Sold as	8 booms per bag
Weight	7.7 kg
# per Pallet	10
Composition	Outer Mesh Skin - Polyester Inner Skin - Polypropylene Pulp Filler - Polypropylene
