

## PIG® Oil-Only Absorbent Mat Pad in Dispenser Box

MAT454 Mediumweight, 38cm x 51cm, 100 pads

Our most cost-effective mat when you only need to absorb oil. Loves oil. Hates water. Saves money.

- Our most cost-effective mat when you only need to absorb oil-based liquids
- Layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fibre construction won't leave behind liquids or fibre residue
- Absorbs and retains oils and oil-based liquids - including lubricants and fuels - without taking in a drop of water
- Bright white colour makes absorbed oil easier to see; draws attention to machine leaks and clearly shows saturation level during spill response
- Floats to clean up spills on water
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Flame-resistant material won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job
- Dispenser box makes it easy to take, carry and store your mat whilst protecting it from dirt and moisture
- Pads are ideal for catching drips and soaking up spills
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Medium-weight construction is versatile for general, everyday tasks and cleanups
