PIG® Oil-Only Weighted Absorbent Blanket

PIL104 69cm x 91cm x 5cm, Absorbs up to 29.1 L per box, 2 each

This oil-absorbent pillow with grommets won't blow away - even in 40 mph winds.

- Ballast provides extra weight to keep blanket in place, even in winds up to 40 mph; Blanket stays right where you need it without blowing out of position
- Hydrophobic polypropylene filler absorbs oils and fuels but not a drop of water; perfect for leaky transformers or areas where heavy equipment is parked
- Durable spunbond outer shell repels water to preserve the efficiency of oil-only absorbent inside; UV resistant up to 12 months
- Heavy-duty seams form self-contained pockets to keep filler evenly distributed and maximise coverage area
- Folds easily for conforming to uneven surfaces or adding capacity where you need it
- Grommeted corners allow blanket to be staked down
