

PIG® Spill Kit in a 360-litre Overpack Drum

KIT202-999 Absorbs up to 226.5 L, UN1H2/X295/S, 1 each

Spills don't stand a chance. This Kit contains the PIG® Absorbents you need to respond to a large spill of oils, coolants, solvents or water — all in one container that can even be used to dispose of the waste!

- Use Socks to confine spill before it can spread, Mats and Pillows to soak up spill and Wipes for final cleanup or smaller spills
- Absorbents are packed in protective baskets with lid for long-term protection against UV degradation; lift-out baskets provide easy, organised access to contents for quick spill response
- Overpack is X-rated for Packing Groups I, II and III, so it's certified for shipping waste by land, sea or rail after cleanup is finished
- Integrated ledges moulded into container allow Kit to be moved with forklift
- Bold Spill Kit lettering for quick identification
- Leak-proof, twist-on lid is notched so you can easily remove or tighten it with a 2x4 or pole; Kit contents remain clean and dry prior to use and waste stays securely inside Overpack during shipment
- Tamper-proof seal protects Kit against pilfering of spill-response supplies
- 100% polyethylene Drum is light weight and chemical resistant
- NOTE:
- A UV cover is suggested for outdoor use to protect the container against UV degradation and weathering.

Dimensions	ext. dia. 80cm x 105cm H
Fluids Absorbed	Oils, Coolants, Solvents & Water
Absorbency	Up to 226.5 L

Lift-Out Basket	Lift-Out Basket
Outdoor Storage	Can Be Stored Outdoors
Sold as	1 each
