

## PIG® SUPER Absorbent Socks

PIG210 8.25cm x 107cm, Absorbs up to 91.2 L per box, 24 socks

The most absorbent sock in our lineup is great for high-volume machine leaks. Soaks up nearly twice as much liquid as other maintenance socks.

- Nobody knows more about socks than New Pig - we invented them!
- Extra-thirsty, formable socks hug corners and walls, surround higher-volume machine leaks and contain spills to keep workers safe
- Cellulose filler is highly absorbent for big leaks and spills; super absorbency means that you replace them less often
- Stitch-bonded, polypropylene skin resists bursting; reduces dust and holds in liquid, even when saturated
- Absorbs and retains oils, coolants, solvents and water; not recommended for acids, caustics or other corrosive liquids
- 85% recycled cellulose filler is ideal when green products are desired
- Wringable for reclaiming up to 65% of absorbed liquid
- Can be incinerated after use to reduce waste or for fuels blending

<b>Colour</b>	Grey
<b>Dimensions</b>	ext. dia. 8.25cm x 107cm L
<b>Fluids Absorbed</b>	Oils, Coolants, Solvents & Water
<b>Recycled Content</b>	85% Mixture of Pre- and Post-Consumer Recycled Cellulose Filler
<b>Absorbency</b>	Up to 91.2 L per box
<b>Sold as</b>	24 socks per box
<b>Weight</b>	13.4 kg
<b># per Pallet</b>	16
<b>Composition</b>	Skin - Polypropylene; Filler - Flame-Retardant Cellulose
