

## PIG® SUPER Absorbent Socks

PIG214 8.25cm x 213cm, Absorbs up to 91.2 L per box, 12 socks

The most absorbent sock in our lineup is great for high-volume machine leaks. Soaks up nearly twice as much liquid as other maintenance socks.

- Nobody knows more about socks than New Pig - we invented them!
- Extra-thirsty, formable socks hug corners and walls, surround higher-volume machine leaks and contain spills to keep workers safe
- Cellulose filler is highly absorbent for big leaks and spills; super absorbency means that you replace them less often
- Stitch-bonded, polypropylene skin resists bursting; reduces dust and holds in liquid, even when saturated
- Absorbs and retains oils, coolants, solvents and water; not recommended for acids, caustics or other corrosive liquids
- 85% recycled cellulose filler is ideal when green products are desired
- Wringable for reclaiming up to 65% of absorbed liquid
- Can be incinerated after use to reduce waste or for fuels blending

### Specifications

Colour	Grey
Dimensions	ext. dia. 8.25cm x 213cm L
Fluids Absorbed	Oils, Coolants, Solvents & Water
Recycled Content	85% Mixture of Pre- and Post-Consumer Recycled Cellulose Filler
Absorbency	Up to 91.2 L per box
Sold as	12 socks per box
Weight	12.43 kg
# per Pallet	16
Composition	Skin - Polypropylene; Filler - Flame-Retardant Cellulose
