

## PIG® Super Water-Absorbing Sock

WTR018 8cm x 122cm, Absorbs up to 265 L per box, 40 socks

Super absorbent sock absorbs and retains large volumes of water-based leaks and spills quickly.

- Pulls in large volumes of water on contact to confine/contain pools and puddles and prevent damage and slip and fall injuries; fast-wicking sock saves time on cleanup
- Super absorbent polymer (SAP) filler and spunbound sock skin lock water and water-based liquids inside without leakage
- Sock retains up to 6.6 litres of liquid and absorbs 15 times its weight so it can act as a weighted berm when saturated
- Great for indoor applications where water needs to be quickly absorbed or diverted; soaks up water from windows, cracked foundations and seepage under doors
- Great for surrounding machines during system breakdowns; use around pipes, broken hoses, leaking hot water tanks or malfunctioning equipment
- Soaks up excess washdown water in food service and food processing areas
- Ideal for use with water-based, non-corrosive liquids. Not for use with acids, caustics or corrosive fluids

<b>Colour</b>	Blue
<b>Dimensions</b>	ext. dia. 8cm x 122cm L
<b>Fluids Absorbed</b>	Water-Based Liquids Only
<b>Absorbency</b>	Up to 265 L per box
<b>Sold as</b>	40 socks per box
<b>Weight</b>	20.1 kg
<b># per Pallet</b>	12
<b>Composition</b>	Skin - Polypropylene; Cellulose w/ Polymer Blend
