

PIG® Suspended Ceiling Leak Diverter

TLS102 123cm x 127cm

Our low-profile leak diverter clips to your drop ceiling grid to capture leaks and drips and divert them to a drain.

- Low-profile diverter hangs only centimetres away from ceiling; won't impede traffic or draw attention
- Can be installed close to the wall, in a corner or directly in the middle of any room with a drop ceiling
- Nonpermeable tarp is vinyl-coated for strength and durability; resists punctures, UV and mildew for long life
- Installs easily with four ceiling grid clips
- Internal fibreglass rods add support and prevent bowing and sagging
- Can span multiple panels depending on placement of grid clips
- Captures leaks and drips and diverts them to a drain or storage tank with the included 762cm L clear hose
- Neutral tarp colour and clear drainage hose blend in with most indoor environments
- Includes eight additional ceiling grid clips and a length of plastic chain to create the correct hose slope for water discharge
