- Increase sump capacity by connecting on an individual pallet section or Expansion Tank
- Includes four pairs of 5.7cm diameter, flow-through Bulkhead Fittings that let you easily connect components; additional Fittings sold separately
- Includes specially-designed Tool Kit for connecting components
- Each Tank features a hatch lid for easy access to collected liquid
- Each heavy-duty pallet section supports 4,082kg UDL and measures 159cm square—accommodates all 1,000L IBC units
