

# PIG® Trough Style Roof Leak Diverter

TLS674 41cm x 152cm

Stop devastating roof leak damage and protect your people, equipment and inventory with the original diverter. Invented here!

- The original Leak Diverter - invented here and engineered to stop devastating roof leak damage every time, guaranteed
- Long, rectangular shape is ideal for catching leaks or accumulated condensation along cracks, fissures or pipes
- Hangs easily in problem spots to catch nuisance leaks and channel them to a floor drain or collection container
- Ideal for quick response to avoid downtime after a roof leak or for long-term prevention in leak-prone areas
- Nonpermeable tarp is vinyl coated for strength and durability; resists punctures, UV and mildew for long life
- Pinched corners help funnel liquid toward center for better drainage
- Grommets resist tearing and make installation easy
- Long and narrow 41cm tarp width offers maximum coverage for narrow spaces and fits perfectly between ceiling joists
- Edges feature rods along length for additional stability
- Accepts a standard 3/4" hose connection to channel liquid to floor drain or collection container (hose sold separately)
- Flow rate of 12.6 litres per minute when used with a 1/2" ID hose

| Item#     | Description | Dimensions       | Weight |
|-----------|-------------|------------------|--------|
| TLS674-TR | Translucent | 41cm W x 152cm L | .75 kg |

## Metric Equivalent:

| Item#     | Description | Dimensions | Weight |
|-----------|-------------|------------|--------|
| TLS674-TR | Translucent |            |        |

## Specifications

|                              |                                   |
|------------------------------|-----------------------------------|
| Use With                     | Roofs                             |
| Drainage Hose                | Sold separately                   |
| Hanging Straps               | Sold separately                   |
| Corner Style                 | 7.5cm Pinched Corner with Grommet |
| Additional Grommets per Side | 1 per long side, 107cm spacing    |
| Total Grommets/D-Rings       | 6 Grommets                        |
| Installation Method          | Hanging Straps                    |
| Style                        | Trough Style                      |
| Dimensions                   | 41cm W x 152cm L                  |
| Hose Connector               | .75"                              |
| Sold as                      | 1 each                            |
| Weight                       | .75 kg                            |
| # per Pallet                 | 90                                |
| Composition                  | 13oz PVC/Polyester                |
| Flow Rate                    | 12.6 ltr. per Minute              |

## Technical Documents

[REACH Statement](#)

[Instructions for PIG Trough Style Roof Leak Diverter](#)

## Disclaimers

[Maximum Working Temperature](#)

Not suitable for temperatures over 170°F/77°C.

[Nominal Dimensions](#)

Dimensions are nominal size due to pinched corners and reinforced side walls.
