

PIG® Universal Mat

MATE250 Lightweight, 50cm x 46m, 1 roll

PIG Mat lasts 2X longer than ordinary mats for fewer change-outs. It absorbs oils, coolants, solvents and water; just about any mess you need to clean up!

- Lasts 2X longer than ordinary mats for fewer change-outs; that's why more plants worldwide use PIG Mat than any other brand
- Layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fibre construction won't leave liquids or fibre residue behind
- Absorbs and retains oils, coolants, solvents and water
- Dark grey colour hides grime so mat stays on the job longer
- Flame-resistant material won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Rolls are ideal for covering large areas and soaking up leaks and overspray
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Light-weight construction is ideal for small tasks and cleanups

| | |
|------------------------|----------------------------------|
| Colour | Grey |
| Dimensions | 50cm W x 46m L |
| Mat Weight | Lightweight |
| Fluids Absorbed | Oils, Coolants, Solvents & Water |

| | |
|-------------------------|----------------------------------|
| Recycled Content | 25% or more Recycled Content |
| Absorbency | Up to 50.3 L per bag |
| Perforated | Perforated Every 25cm Lengthwise |
| Sold as | 1 roll per bag |
| Weight | 4.8 kg |
| # per Pallet | 36 |
| Composition | 100% Polypropylene |
| Packaging | Bag |
| Poly-Backing | No |
| UV Resistant | No |
