

PIG® Water Absorbent Mat Pad Quick Response Packs

WTR021 Lightweight, 38cm x 48cm, 100 pads

Easily store and access the ONE mat to keep in stock for water clean-up caused by wet weather, ceiling leaks, pipe bursts, cleanouts, washdowns, maintenance or other water spills anywhere in your facility.

– One box contains 10 packs of 10 mat pads; perfect for large facilities with multiple storage closets and janitorial carts - keep a 10-pack in each location to respond quickly to a spill!
– Mat pads absorb nearly one litre of water and can be used to quickly clean up spills, puddles and leaks from wet weather
– Designed and engineered to pull in large volumes of water on contact; superfast wicking helps you quickly eliminate pools and puddles to prevent damage and injuries
– Wring and re-use during a single water spill clean-up, then dispose; wringable mats mean less hassle, less waste and more savings
– The best mat to have on hand when heavy rains, snow or ice intrude your facility; soaks up water that comes in through open windows, porous footers, cracked foundations, roof leaks and seepage under doors
– Helps you deal with water from cleanouts, system breakdowns, burst or leaking pipes, broken hoses, leaking hot water tanks or malfunctioning equipment
– Soaks up excess washdown water in food service, food processing and other critical areas
– Use when sump pumps or wet-vacs are not necessary or available; creates less waste than wipers or loose absorbents
– Cleaner, more efficient method than dirty mops, rags and towels, which can recontaminate floors by spreading bacteria, mould and odours
– Tough, spunbond top layer holds mat together when it's fully saturated, so it won't rip or fall apart when you pick it up
– Easy-tear perforations let you take only what you need, so you use fewer mats and save money
– Made with 60% pre-consumer recycled cellulose"

Colour	Blue/White
Dimensions	38cm W x 48cm L
Mat Weight	Lightweight
Fluids Absorbed	Water-Based Liquids Only
Recycled Content	60% Pre-Consumer Recycled Cellulose
Absorbency	Up to 85.9 L per box
Perforated	Perforated down centre Widthwise
Sold as	100 pads (10 packages of 10 each)
Weight	4.7 kg
New Pig Patent	8,182,927
# per Pallet	15
Composition	Top Layer - Polypropylene; Bottom Layer - Natural & Recycled Fibre Blend
Packaging	Box
