# Plant Nappy®

FLTE700 50cm x 68.5cm x 8cm, 1 each

The Plant Nappy® is a light weight, secondary spill containment tray to catch leaks and spills from equipment on construction sites. Allows water to pass through the sides to prevent overflowing whilst retaining and absorbing oil.

- Ideal for outdoor use in wet and rainy conditions
- Contain spills on construction sites or where machinery needs to be left outside
- Non-permeable base fabric is laminated with an oil soak filter, and protected by a permeable top fabric to allow free passage of contaminants
- Permeable side wall contains filter fabric that allows free passage of water but not oil
- UV-resistant design stands up to harsh weather conditions
- Eliminates the need to empty contaminated trays after use
- Can be stood on uneven ground or slight inclines with no loss of performance, ensuring your company is protected at all times
- Easy and cost-effective way to ensure environmentally friendly practice on site, avoiding possible prosecution or monetary fine for contamination of ground and water
- Plant Nappy® Liners can be added to extend the usable life
