

Polyethylene Acid Cabinet

CAB220 Holds 83 ltr., Manual-Close, 91cm x 59cm x 89cm

Compact poly cabinets provide excellent resistance to corrosives like sulfuric and hydrochloric acids.

- Polyethylene construction provides chemical resistance against harsh acids and corrosives
- One-piece molded body won't leak or burst
- Bottom sump removes easily to access cabinet bottom
- On-door storage is ideal for small bottles and containers
- Grooved top allows cabinet to double as a workstation
- Blue cabinet is labeled "ACID" for easy identification
- Leveling feet provide stability
- Lockable for added security
