

Polyethylene Acid Cabinet

CAB411 Holds 7.6 ltr., Manual-Close, 36cm x 41cm x 49cm

Compact poly cabinets provide excellent resistance to corrosives like sulfuric and hydrochloric acids.

- Polyethylene construction provides chemical resistance against harsh acids and corrosives
- One-piece molded body won't leak or burst
- Interior poly tray catches incidental drips
- Door can be hinged from either side
- Grooved top allows cabinet to double as a workstation
- Blue cabinet is labeled "ACID" for easy identification
- Leveling feet provide stability
- Lockable for added security
