

Polyethylene Safety Steps

PLSE138 44cm x 79.5cm x 62cm

Put hard-to-reach areas at your fingertips with this durable Polyethylene Safety Step.

- Made of durable, food grade medium-density polyethylene with a 260kg weight capacity
- Abrasive adhesive strips provide a non-slip surface
- Moulded-in hand holes for easy manoeuvring
- Suitable for temperatures from -20°C to +60°C, and will not crack or discolour
- Impervious to water and contaminants; won't warp, rot or weaken like wood
- Perfect for accessing hard-to-reach places
- Covered by BS EN 14183:2003 Safety Standard
