

Polyethylene Wheeled Container

NPK201-999 Holds 120 ltr., 47.5cm x 54.5cm x 93cm, 1 each

This 2-wheeled bin is ideal for many different types of waste collection like paper and cardboard, glass, packaging, organic materials, as well as being a robust container for all your spill control absorbents and accessories.

- Durable body and lid are injection moulded in stable, solid-coloured high-density polyethylene stabilised against the combined effects of UV radiation and water for a long usable life
- High-density polyethylene makes the product highly resistant to atmospheric conditions and gives it great stability against fluctuations in temperature and total corrosion resistance
- Integrated handle for easy use and 200 mm diameter wheels with polypropylene rims and solid rubber tyres on an electro-galvanised axle for effortless manoeuvrability
- Manufactured using environmentally-friendly recyclable materials with no heavy metals in the pigments used
- DIN standard lifting system suitable for use with standard collection and cleaning systems
- Integrated sound-proofing system in the lid in accordance with European Directive 2000/14/EC, 78.7 db
- Product Approval Certificate awarded by TÜV Product Service GmbH in accordance with European Standard EN 840
