Rags In Bags

WIP554 5 kg, 1 bag

For the highest in quality, consistency and performance, choose virgin material. Each rag is 100% usable!

- New rags provide purity and performance for tough wiping applications whilst still helping to keep costs down
- Strict material and size requirements mean you get more usable, high quality rags in every package. No useless rag pieces!
- Eco- and cost-friendly rags are made from factory mill ends of new cotton and cotton-blend T-shirt material
- More consistent performance and nicer appearance than reclaimed rags
- Durable, low-lint material is ideal for staining, polishing and general wiping
- Compression-packed bags take up half the space of loosely packed boxes
- Poly bag means there's no heavy packaging added into the final weight; you get more rags than you would with an equal-sized box
