

SAP Maintenance Pad

PLSE339 19cm x 44cm, 200 each

The SAP Maintenance Pad is an innovative solution to small-scale commercial or domestic leaks and spills of water.

- With a compact size of only 44cm x 19cm, the SAP Maintenance Pad is more absorbent than a whole roll of paper towels!
- One SAP Maintenance Pad will absorb and lock in up to 2 litres of water, and with its poly-back, prevents damage caused by leaking pipes, bleeding radiators or faulty appliances
- Once in contact with water, the SAP Maintenance Pad will immediately lock the fluid in, protecting floors, carpets and other surfaces
- Conveniently packaged in compact carrier, with built-in handle, making it ideally suited for storage in vehicles, tool cabinets, drawers or cupboards
- Shelf life of 5+ years if stored in original packaging in a dry place away from direct sunlight
- The absorbent compound is eco-friendly and harmless to the environment, after use simply cut open and dispose of the contents into the soil (landfill) without any harmful effects
- Ideal for service engineers, heating and plumbing personnel, and maintenance contractors

Specifications

Colour	Black top, Grey base
