

Tight Head Steel Drum

DRME313 210 L

Tough, UN Rated drums are made for hazardous materials, so you can rely on them to deliver safety and compliance. Colour will be black or blue, depending on availability

- UN Rated and tested to help ensure safe shipping of hazardous materials
- Tight-head design is equipped with internally threaded 2" and 3/4" tri-sure bungs for a tap, pump, fill gauge or venting device
- 1mm (20-gauge) steel construction with twin body beads ensure strength, durability and long life
- Internally plain finish is ideal for the storage and transfer of coatings, paints, chemicals & solvents
- NOTE: Stoving enamel used to coat the outside of the drums will be black or blue, depending on availability. Please contact us if either colour is specifically required, otherwise colour supplied will be according to availability at time of order.
