

Universal Bonded Multi-Perf Mat Roll in Dispenser Box

MATE738 Heavyweight, 33cm x 46m, 1 roll

Extra perforations let you customise Universal Bonded Mat Roll to the shape you need. Just "rip" it along the easy-tear perfs and "fit" it into place to control spills and overspray to help keep floors dry and safe.

- Extra perforations in our Rip&FitMat Roll allow you to easily "rip" this Mat and "fit" it to your application without cutting
- Top layer of low-lint spunbond fabric provides extra strength and tear resistance
- A layer of meltblown polypropylene creates high surface area that enables the mat to quickly soak up liquids on contact
- Mat absorbs high volumes of liquid fast; great for catching overspray or soaking up spills
- Bond points increase speed of absorbency and fuse layers of fibres together — Mat keeps its shape even when completely saturated
- Grey colour signifies Universal absorbency for easy visual identification
- Dispenser box makes it easy to take, carry and store your mat whilst protecting it from dirt and moisture
- Rolls are ideal for covering large areas and soaking up leaks and overspray
- Easy-tear perforations every 33cm lengthwise and every 10-13-10cm widthwise let you take only what you need so you use less mat and save money
