Utility Board for Adhesive-Backed Grippy® Mat

GRP001 For Pig® Grippy Mats

Use the same cutting guide that we use to install Grippy Mat in retail, grocery and commercial environments - it's fast, easy and professional.

- Convenient, pre-scored “template” guides your blade, producing clean, accurate cuts
- Create perfect corners or 45° angles for working around obstacles or making specific shapes
- Serves as a cutting board to prevent damage to floors during cutting
- Can also be used as a float to quickly smooth out Adhesive-Backed Mat in one pass
- Predrilled holes help you align tool and mat with tile and grout lines
- Connect 2 boards together for cutting or installing mats wider than 91cm or making diagonal cuts
- Designed for use with our Safety Cutting Knife (GRP012, sold separately)

Use With	Pig® Grippy Mats
Colour	White
Dimensions	97cm W x 15cm D
Sold as	1 each
Weight	1.01 kg
Composition	HDPE
