

V-Safe® Gate Valve Lockout

LCK113 For 5cm to 15cm Dia. Valve Handles, 1 each

Clamshell-style lockout secures and colour-codes gate valves for safety.

- Rugged polypropylene resists chemicals, cracking, abrasion and temperature changes
- Available in standard ANSI pipe colours: red for fire protection materials, yellow for hazardous gases or liquids
- If not using ANSI colour coding, you can use red to indicate that a valve is locked in closed position
- Fully dielectric light-weight design is easy to handle and apply
- Ideal for maintenance and repair work
- This simple lockout/tagout solution will help your facility meet life-saving regulations
