

WYPALL® L20 Extra+ Wipes

WIPL7301 Jumbo Roll, 33cm x 38cm, 500 wipes

Strong, fast-absorbing Wipes for general purpose use.

- Jumbo roll sheets offer more surface area for cleaning; intended for areas that need a constant supply of durable Wipes
- Wipe has a cloth-like feel yet is disposable; sheets are perforated but remain connected until torn by the user to control usage
- Composed of AIRFLEX® Highly Absorbent Fabric that features large air pockets to quickly absorb water and oil; perfect for greasy and oily jobs in auto shops and garages
- Ultra absorbent; absorbs over 2 times more water than other Wipes and 37% more oil; fewer sheets are required to get the job done
- Extra-durable Wipes have increased wet strength to clean up spills fast without falling apart or becoming soggy; Wipe is over 2x stronger when wet, compared to other Wipes, is useful in scrubbing and will not easily tear under scrubbing forces
- Offers the same performance as a 3-ply Wipe at a lower cost; double recreped cellulose fibres are not flattened so they are 19% more bulky than other Wipes
- High capacity, preforated Jumbo roll reduces change-outs; can be used with a roll dispenser to help control usage and keep wipes clean
- Blue Wipes won't discolour and help hide grime and dirt; excellent for manufacturing and industrial environments
