

# X-TREME TAPE™

## TLS527 For Leaks and Punctures

Military-grade, self-fusing tape permanently seals out air or water, even up to 204°C.

- Originally developed for military use, this tough 700 PSI tensile strength tape is a great addition to any toolbox
- Contains no adhesive but bonds to itself when wrapped under tension
- Thermally resistant tape remains flexible at -45°C to 204°C (-50°F to 400°F) continuous and -62°C to 260°C (-80°F to 500°F) intermittent temperatures
- Silicone construction permanently seals out air or water
- Dielectric strength for insulating up to 8,000 volts during electrical repair
- Stretches up to 300% and conforms to nearly any shape

| Item#     | Description | Dimensions      | Weight |
|-----------|-------------|-----------------|--------|
| TLS527-BK | Black       | 2.5cm W x 11m L | .18 kg |
